TO WHOM IT MAY CONCERN

I have known Peter Mercouris for the last 2 years as the Principal of AISM, our contract Security Company at both Cabra-Vale Ex-Active Servicemen's Club and Campbelltown RSL Club.

Peter's company came on board at Cabra-Vale Digger's Club in 2009 as our Security Company and as soon as the amalgamation with Campbelltown RSL Club went through, Peter was the successful Tender for Security at Campbelltown RSL Club based on the good results he achieved at the Cabra-Vale Ex-Active Servicemen's Club and his competitive rates in his submitted quote.

Our security standards have increased a 100 fold since Peter took over both Clubs.

Without Peter's expertise and knowledge of the Security Industry our task would be much harder in maintaining above Industry standard security.

AISM staff are always attired in a neat, clean and tidy fashion. They have friendly attitudes, ready smiles and willing hands to help those in need whilst remaining very professional in their jobs. This is all brought about by Peter, who knows what Customer Service is all about.

Finally AISM through Peter has probably the best back of house report system to support his front of house security, and his ability to remain up to date with legislation is of the highest standard. I am sure anyone who offers Peter's company AISM a contract their organisation will be very satisfied.

Yours faithfully,

W.F. O'Brien
Chief Executive Officer
