TESTIMONIAL

In June 2010, Campbelltown RSL secured the services of Australian Investigation Security Management (AISM) to carry out all our in house security arrangements.

Having researched Peter Mercouris' background I was confident that Peter's company would be able to supply the professionalism that was required to execute the security contract at Campbelltown RSL.

AISM have a no nonsense approach and everyone employed by AISM at Campbelltown RSL are aware of what is required and the procedures they are required to follow at all times. Their integrity and ability to do the job at hand is a credit to Peter and his hard working Management team.

As the General Manager at Campbelltown RSL and subsequently the Approved Manager I have the utmost confidence in Peter's team. He is up to date on legislation and takes an active role in the company by being on site to ensure that his team is performing to peak performance. He and his team are also willing members of the local liquor accord.
